Edison finances software and service companies that address supply chain and logistics. The information technology companies support enterprise planning and execution, procurement, transportation and logistics management, and supplier relationship management. We continue to seek emerging growth companies where Edison's experience and network of contacts will accelerate growth and build value for management and shareholders.

Edison Investment Experience:

- **Archive Systems** - Outsourced document storage, imaging and retrieval
- **e-Transport** - Supply chain and logistics solutions focused on maritime industry
- **LogNet** - Supply chain execution software for international logistics management
- **Maptuit** - Road and trucking logistics information systems
- **Munics** - Supply chain execution solutions for wholesale distribution
- **Software Alternatives** - Application software consulting services
- **TrueCommerce** - Electronic Data Integration products and services
- **VFA** - Facility capital asset planning software and services
- **Voxware** - Interactive voice-based solutions for logistics and distribution
- **WAM** - Specialist in supply chain planning for the chemical industry

*** e-Transport was acquired by Descartes. Management, employees and investors share substantial proceeds.**

Promising Marketing Opportunities:

- Collaborative planning
- Compliance
- Inventory Planning & Optimization
- RFID
- Spend management
- Service management
- Transportation and distribution management

More Than
Expansion
Capital...

Edison invests in information technology companies including: financial services, pharmaceutical IT, application software, interactive marketing, communications and business solutions. Edison initially invests \$5-10 million. We finance internal growth, management buyouts, acquisitions, corporate spinouts and secondary stock purchases. We invite growing companies in the Boston to Washington, DC corridor to contact Edison.
